The organ was installed 1914 and restored by
Osmond of Taunton in 1923.

It has not been used since 2004, but is accessible
for inspection. The PCC has recently obtained
permission from the Salisbury DAC to remove the
organ as part of the re-ordering of the church,
which is planned to proceed in October 2011
when the pipe organ will be removed.

Care is taken to provide accurate information, but the seller accepts no responsibility for errors.

Buyer makes all arrangements for dismantling, packing and transport.

Enquiries, please, to the church contact.
