Great to Pedal

Originally a 3 manual instrument by H Wellstead built in 1912, it was installed in this church by Osmond in 1957 and in 1989 rebuilt as a 2 manual organ by Peter Bumstead. It is a nice organ.

The church is closing and the organ is redundant and immediately available.

Enquiries please to the church contact below.

Buyer makes all arrangements for dismantling, packing and transport.

Care is taken to see that information provided is correct but the Methodist Church Organ Advisory Service takes no responsibility for errors.
